### 3. OVERALL ASSESSMENT: FEASIBILITY

---

Based on the assessment of items 1 & 2 above, the Working Group evaluates whether the instrument is feasible.

**Working Group Assessment:**

**GREEN:** The instrument is feasible to use. It meets the necessary criteria, and the work can move forward without changes.

**AMBER:** The instrument is generally feasible but has some concerns or weaknesses. Revisions or clarifications may be needed before proceeding cautiously.

**RED:** The instrument is not feasible. Significant issues need to be addressed before progressing further.

**Date of Submission:**
