

## DELIVERABLE FINAL REPORT & IMPLEMENTATION

WORKING GROUP NAME:

### 1. SUMMARY OF METHODOLOGY

*Provide a concise summary of the completed methodological work completed, including objectives, approach, and rationale*

### 2. SCIENTIFIC RIGOR

*Document the evidence base and rationale supporting methodological decisions (e.g., literature, expert input, pilot testing)*

### 3. COLLABORATOR INVOLVEMENT

*Describe how PRPs, fellows, methodologists, and external collaborators were engaged throughout the process.*

#### 4. SUMMARY OF FEEDBACK AND REVISIONS

*Outline any feedback received from previous TAG check-ins and how these were addressed.*

#### 5. DISSEMINATION & UPTAKE

**Knowledge Translation Strategy:** Describe planned activities for disseminating the methodology (e.g., SIGs, workshops, publications).

**Supporting Materials:** Attach or describe planned educational tools, templates, or forms to support implementation.

**Cross-Disciplinary Engagement:** Identify opportunities to share the methodology across other disease areas or research fields.

**Date of Submission**
